

Ducks feed in different ways - some dive and some dabble. How many of each type of duck can you count in the Wetlands Enclosure?

Diving ducks:

Dabbling ducks:

What is a male duck called?

Go to the Lawn Aviary and look for a Purple Glossy Starling. Where do these birds come from?

How many different types of bird can you see in the Lawn Aviary?

Go inside the Lawn Aviary. Why must you be quiet in here?

Look out for the peacocks that live in the Gardens. If you see one, draw a picture of it here!

ANIMAL TRAIL

Look out for the many animals that live here at the **Birmingham Botanical Gardens**. Some of them live in specially made habitats but also look for wild ones too. Use the information boards to help you with your answers and make a list of all the animals, birds, fish and minibeasts that you see on the back of your sheet.
