

Gardens' Scavenger Hunt

Let's go on a scavenger hunt!

Do not pick any flowers or leaves on bushes or trees!
Instead, look carefully on the floor, on paths and on the ground
and see if you can find:

- Something smooth
- Something hard
- Something soft
- Something light
- Something green
- Something brown
- Something tiny
- Something nibbled
- A pine cone
- A pine needle
- Something interesting
- An evergreen leaf
- A smooth shiny leaf
- A leaf with lots of veins
- A prickly leaf
- An interesting shape

Well done! Now create an interesting face (creature or human),
using the materials you have found. If you need to collect extra
material to complete your art work, collect suitable natural
materials from the woodland floor.

Please take a photograph of your art work and send it to us at
the Gardens!
