

Birmingham Botanical Gardens

Long Walk

Use the map to find the numbered wooden posts. The answer to the question can be found somewhere near the post. (You do not need to leave paths to find posts or answers.)

24. You are very close to Forrest Walk here. Who was this walk named after?

13. Name at least four birds found in our aviary:

36. What type of grass plant is the nearby maze grown out of?

40. The Urban Garden near here grows lots of edible plants. Which ones can you see today?

18. Who is this garden named after? Can you see why?

11. What sports could you play near here? What is special about these courts?

9. When was the Rock Garden completed (find the nearby plaque)?

Birmingham Botanical Gardens

Long Walk

Use the map to find the numbered wooden posts. The answer to the question can be found somewhere near the post. (You do not need to leave paths to find posts or answers.)

7. Which herbs are growing in our Herb Garden today? What do they smell like?

28. The Teulon Cottage was built in 1847. Can you name an original feature of the cottage and a modern addition?

6. How many little play houses are there here?

3. Name our four Glasshouses:

5. There is a Giant Redwood tree nearby - the largest and tallest tree species on Earth. How is the bark different from surrounding trees?

8. How many sides does our Bandstand have? What shape is this?
