

# Birmingham Botanical Gardens

## Short Walk

Use the map to find the numbered wooden posts. The answer to the question can be found somewhere near the post. (You do not need to leave paths to find posts or answers.)

24. You are close to Forrest Walk here. Who was this walk named after?

---

13. What is the main type of flower grown in this area?

---

11. What sports could you play near here? What is special about these courts (hint: find the blue plaque)?

---

9. When was the Rock Garden completed (hint: find the nearby plaque)?

---

8. How many sides does our Bandstand have? What shape is this?

---

5. There is a Giant Redwood tree nearby - the largest and tallest tree species on Earth. How is the bark different from surrounding trees (hint: press it)?

---

3. Name our four main Glasshouses:

---
